PREFACE

In the modern era ayurvedic medicine is MUST for human race. Because an ayurvedic medicine gives preventive, protective, curative and nutritive results to human race and there has not been any adverse effects. Ayurvedic medicine helps to promote and increase the resistance power of the body to combat disease, as a positive approach, harmless, and free from toxicity, which offers the patient complete relaxation from disease. AYURVEDA prescribes very effective medicines for even incurable diseases. Strict adherence to specified dosages, following the correct food regimen, and the deep understanding of the disease etc. makes it possible to find solution for even difficult to cure diseases. Continuous use is very important and MUST during the treatment with Ayurvedic medicines. Sometimes it takes long time to get result, but once improvement starts, it progresses satisfactorily. Here quality is an important thing and a quality product can assure satisfactory result instantly and curing process initiate.

We, BELLAN PHARMACEUTICALS take special care for quality testing and implement only quality products to the market. We use traditional & modern techniques in production of our reputed medicines, along with sincere adherence to the strict rules of AYURVEDA. The methods of production and quality level are never compromised for the sake of cost. We are providing genuine products at genuine prices. Prepared using 100% pure and selected herbs, our medicines are capable of curing various mild and chronic ailments. Some of the striking features of our range of ayurvedic medicines are:

Pure and natural
Accurate compositions
Non-irritant
Non-allergic
Mild and gentle to human body system

These medicines are ISO 9001:2008 and G.M.P. certified, which proves their compliance with safety and industry standards. The unswerving commitment of our team to provide quality range of ayurvedic medicines to our clients helps us in projecting a positive image in the market. Our highly trained staff hails from relevant and is supervised by our management, so as to ensure that our medicines and formulations are prepared with utmost level of hygiene. Competent and dedicated, our team comprises the following professionals:

Pharmaceutical experts, Ayurvedic Experts, Quality control staffs, Marketing professionals and Skilled workers.

Our aim is to develop a healthy generation in coming future and spread out Ayurvedic messages and its benefits as world wide. We are having very good range of CLASSICAL & PATENT medicines. We are confident that our formulations are certainly different from other similar products. It is more competitive, health promoting, and economic. We assure that your support and our efforts with honesty and quality will develop a healthy humanity in coming years.

Big thinking – Effective implementation – Attractive presentation

Reasonable price, along with Quality and Honesty.

That's BELLAN PHARMACEUTICALS.
